Findings of Broadcasting Authority (BAI) against the biased Ray Darcy RTE Programme on Abortion

Statement read out on air Thursday 7th last. 'Listeners would have concluded that the presenter supported the views of Amnesty International and their campaign'.

It also said: 'Given the content of the programme and the role of the presenter, it was the view of the Committee that the programme was not fair, objective or impartial and for this reason the complaint has been upheld'.

All right thinking people welcome the Broadcasting Authority of Ireland (BAI) rebuke of Ray D'Arcy over his incredibly biased view on abortion an interview that set a new low in Irish journalism.

This finding shows the value of members of the public contacting programmes on television and radio to make their views known when a programme has treated serious issues like abortion in an unfair or impartial manner
